

## Real Estate Photography

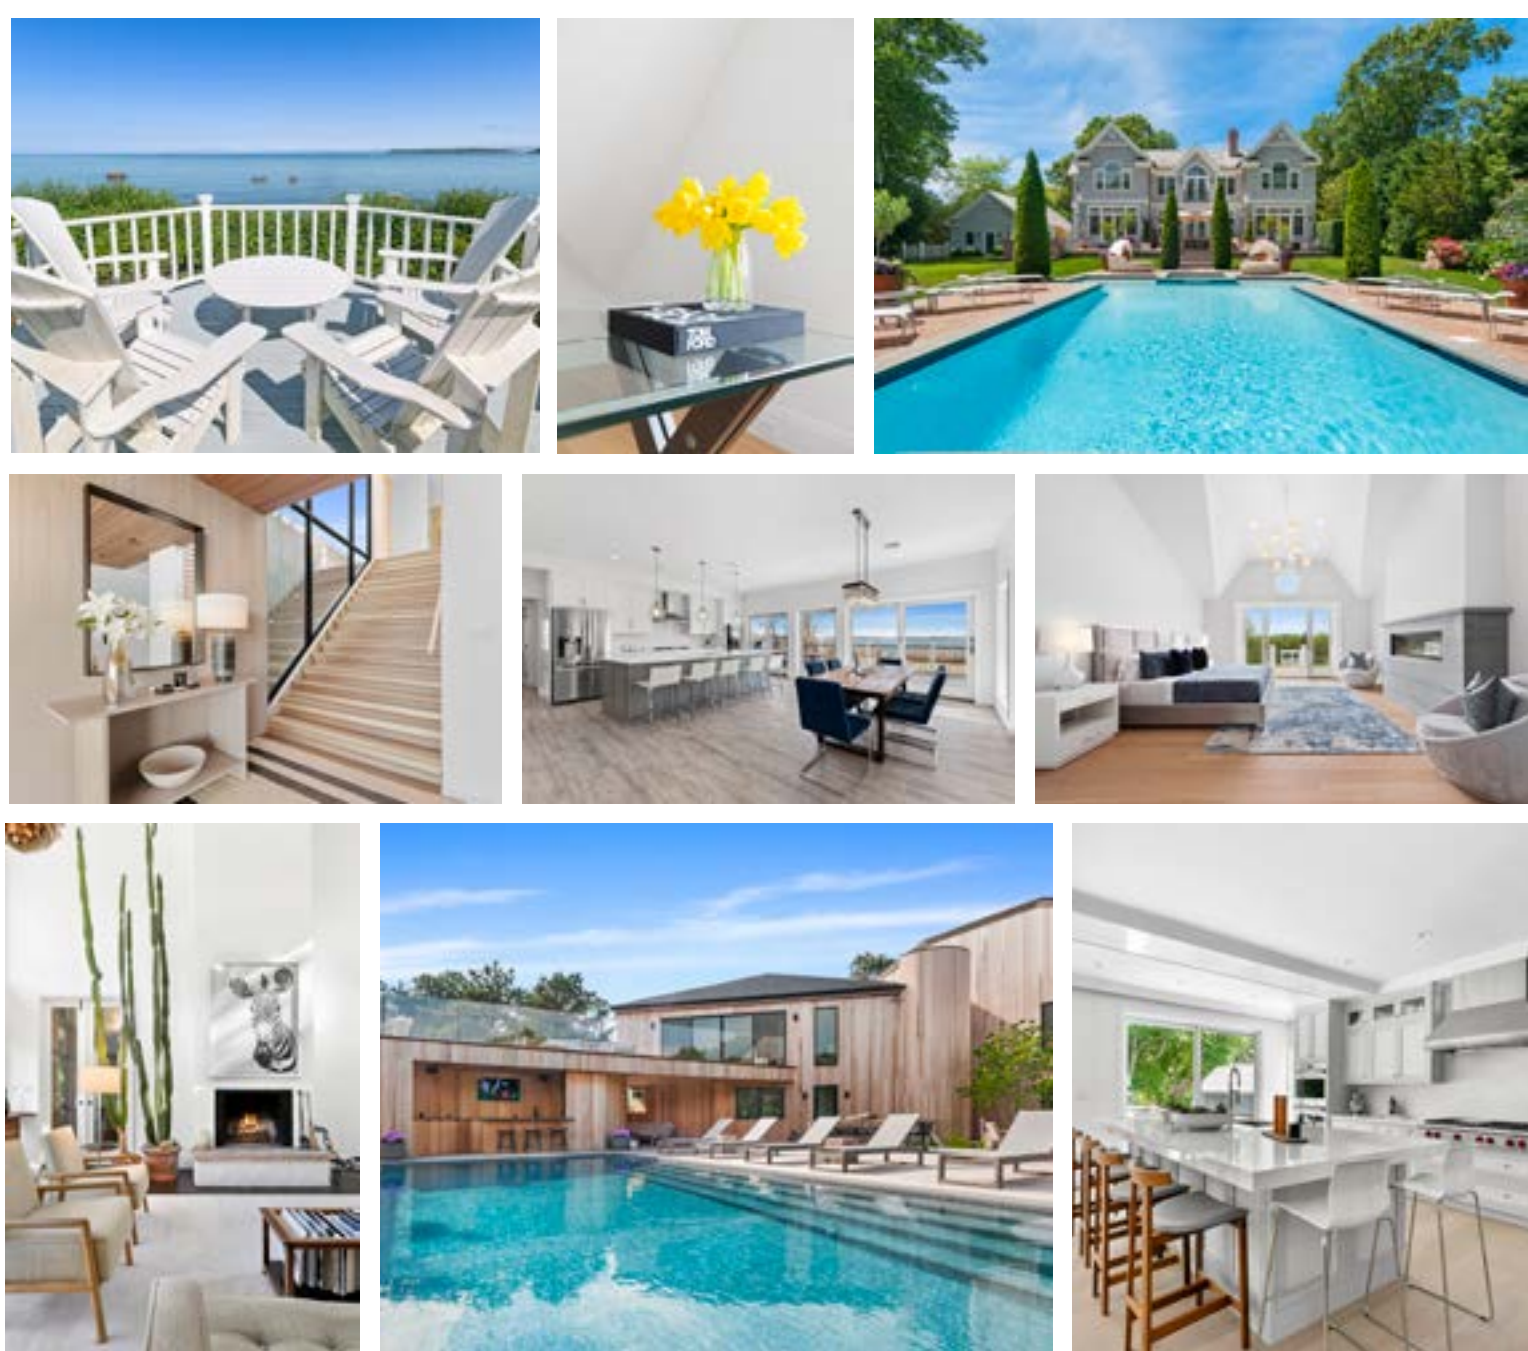

As a specialist property marketing agency, we understand that professional images are everything in attracting buyers and achieving the best result.

High-quality photography is the highlight of every marketing campaign. It will enhance your brand and maximize the presentation of each individual property.

## Dusk Photography

A twilight photo is usually taken of the exterior of the property, at dusk. It's used to showcase a landscape or property, by highlighting features like fire pits, pools and even sunsets. They are more likely to grab the attention of the buyer when a home search is performed and thumbnails of properties are returned.

## Dusk Conversion

Convert daytime photos into beautiful evening photos instantly!

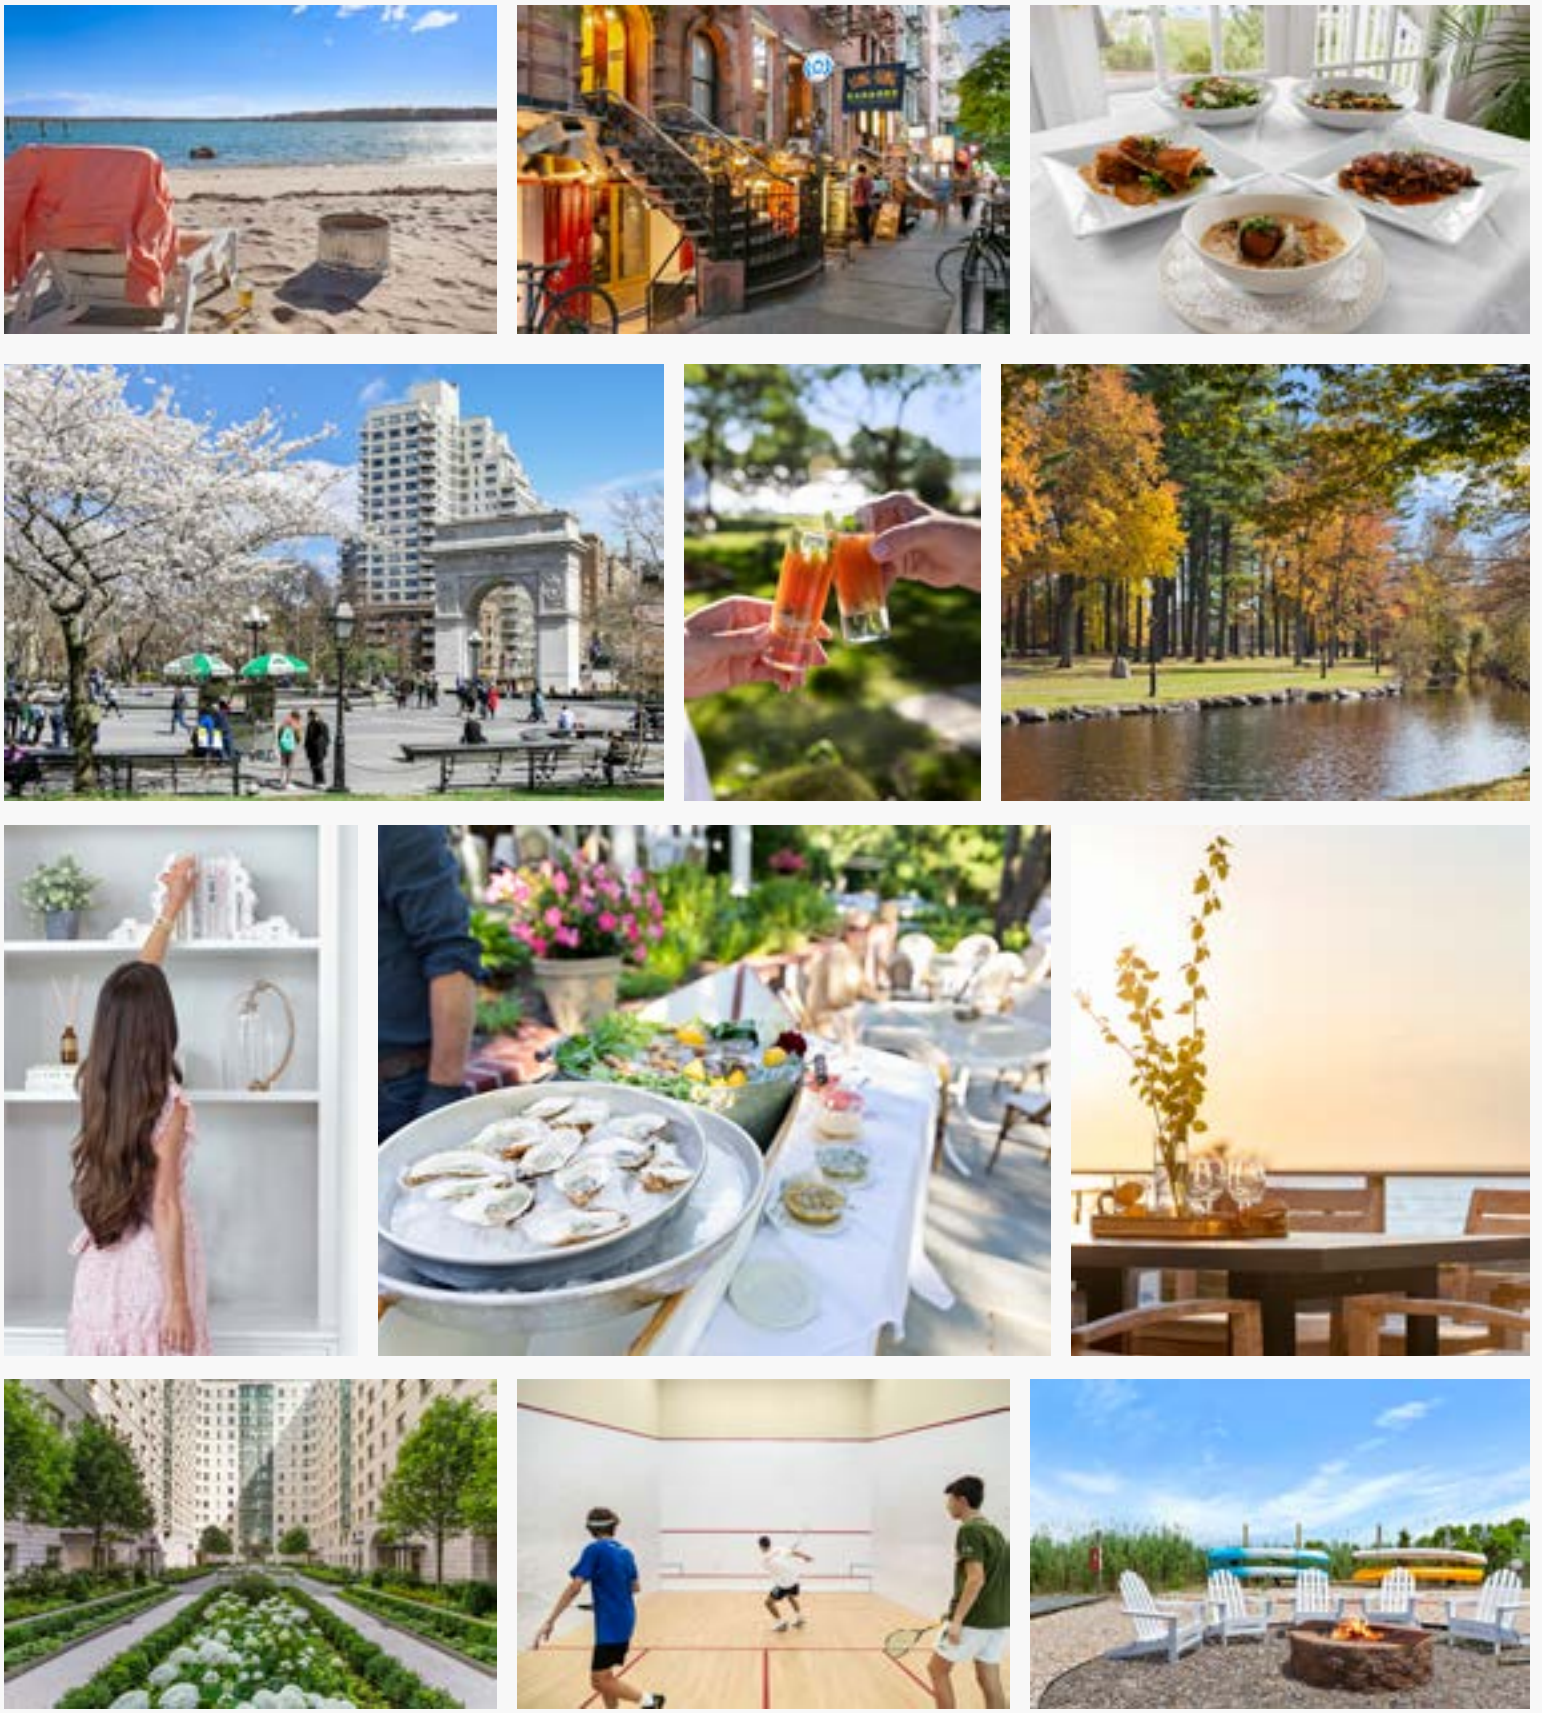

# RISE MEDIA

## Lifestyle Photography

Showcase the lifestyle the property has to offer. It will enhance your brand and maximize the presentation of each individual property.

## PORTRAIT

## Drone Photography

Broaden the scope of your listing's look and feel by engaging a drone video. Every property looks more majestic and powerful from a bird's eye perspective. The drone helps your clients see a home, its surrounding property and proximity to major landmarks.

## Virtual Staging

Transform empty properties into welcoming homes by adding virtual furniture. Sometimes it takes more than just the photo for a client to visualize the potential of a property.

## Home Renovation

Convert an old, cluttered room into something completely different.

## Before & After

## Renderings

Improve a new listing still under construction by using 3D rendering to give potential buyers a look at the finished project before completion. Our design team works closely with clients to produce high quality renderings from CAD files and landscape plans.

## 2D Floorplans & Surveys

An accurate floorplan is the best way for buyers to visualize and understand the relationship between rooms and their dimensions.

## Floorplan Redraw

Our designers can also recreate a marketing floorplan from an architectural plan to give clients a clearer look at a property’s layout.

## 3D Floorplans

Elevate your floorplans by making them 3D

## Summer Retouching

Turn dead grass and trees into lush green landscape
